Who We are ?

Techshore Inspection Services, (An ISO 9001:2005 Certified Organization) since its inception in the year 2010, Has been a Skill Training Provider, leading inspection company and a manpower recruiter. Techshore offers a wide range of innovative services, engineering solutions and services and professional and skill development training in the field of Oil and Gas, Power and other major industries in the disciplines of Mechanical, Civil, Instrumentation and NDT (Concrete NDT / Mechanical). Our service is being rendered by a group of professionals who are having enormous experience in the field of engineering in the aforesaid disciplines, As a leading engineering solution provider for the engineering industry for more than a decade, our robust technology, innovative approach, technical support, quality consciousness, and safety can bring you tangible benefits in all the sectors of your business.

From the Director's Desk

It gives me great pleasure to connect with you once again through this edition of our new brochure. Each new chapter in our journey brings with it a fresh sense of purpose, renewed energy, and a deeper commitment to the values we uphold.

My journey with Techshore as Managing Director has been both dynamic and rewarding. From team achievements and project milestones to personal growth stories and community engagement, we have continued to move forward with passion and purpose. I am proud of the dedication, resilience, and spirit of innovation that our team demonstrates every day.

At the heart of our work is a shared mission—to create meaningful impact, to foster learning, and to build a future we can all be proud of. This mission guides every decision we make and every step we take.

Looking ahead, we remain focused on growth, collaboration, and excellence. There are exciting opportunities on the horizon, and I encourage each of you to stay involved, share your thoughts, and help shape the direction we are heading.

Thank you for your continued support and belief in our vision. Together, we can achieve even greater things.

Mr. Renju Gopinath
Managing Director

After his engineering graduation, working in the core industry and is presently handling all the management activities of Techshore, and a true motivation behind the company.

Our Team

Mr. K. Ravindran (Late) - Our Founder
R.S.O. ASNT Level III: PT, MT, RT, UT,
VT, LI, ET, IR, AE, NR, VA & ML API AI

Mr. K. Ravindran was highly respected name in the industrial fraternity with over 40 years of experience in India & Abroad. He has been a consultant for 83 MNC's all over the world.

Mr. Joy Paul - CEO

Total 37 years of experience in Oil & Gas training around the world. Expertise in Oil and Gas projects, commissioning and operations, Design training as per OPTO, Edexcel.

Mr. N. R. Pillai - Academic Director

BE Degree in Mechanical Engineering AMIE. Diploma in Management of Petroleum Development and Operations from Petrad University Norway. Safety Certificate in Offshore operational Training from Nutec, Norway.

Mr. Vishnu Shaji - Regional Manager

Mechanical Engineer with 12+ years of experience in various Oil and Gas Sectors and Having worked on large-scale projects across various regions, has cultivated deep knowledge of industry standards, regulatory requirements, and trained more than 2000+ students.

Mr. D. Koteswar Rao - Manager Telangana

Having an experience of 8 years Industrial Trainings Hydrocarbon Oil & Gas Projects, Thermal Power Generation, Bio Energy, Hydropower plants, Expertise in Live On Site Trainings with 880 Students Excellent Demonstration with Zero Accidents.

Dr. Greeshma S. Nair - Executive Director

Dr. Greeshma S Nair is an entrepreneur and business educator with 8+ years of experience in business development and marketing. She holds a BTech(IT) from Amrita University, an MBA with dual specialisation in System and Finance from SRM University, and a PhD from the Kerala University of Fisheries and Ocean Studies (KUFOS) in MSME studies

MINING & RESOURCES

HEALTH CARE

HOSPITALITY

Our Internationally Accredited NSDC Certified Courses

Oil & Gas Technology

- * Certification in Drilling Technician (QP Code - HYC / Q0101)
- * Advanced Certification in Oil and Gas Technology
- * Professional Diploma in Oil and Gas Technology

QA/QC Mechanical

- * NDT * QC in Welding Inspection * Certification in Piping & Pipeline Eng.

QA/QC CIVIL - Process Control & Instrumentation

- * Concrete NDT and Quantity Surveying & Cost Estimation
- * Process Instrument Operator (QP code - HYC / Q6201) * Professional Diploma in Process Control and Instrumentation * Certification in Process Control and Instrumentation

Fire & Safety Engineering / HSE

- * Fire Safety Technician (QP Code - HYC / Q3601) * Advanced certificate course in Fire and Industrial Safety * Professional Diploma In fire and Safety / HSE * Certification in Fire and Safety

Logistics And Supplychain Management

- * Warehouse, Inventory and Transport Manager (QP Code - LSC / Q0105)
- * Advanced Certificate Course in Logistics and Supply Chain Management
- * PG Diploma in Logistics and Supply Chain Management
- * Professional Diploma in Logistics and Supply Chain Management
- * Certification in Logistics & Supplychain Management

Welding

- * Industrial Welder (QP Code - HYC/Q9101) * Professional Diploma in Welding
- * Advanced Certificate Course in Welding Technology * Certification in Welding

Hospital Administration

- * Duty Manager – Patient Relation services (HSS/Q6104) * Professional Diploma in Hospital Administration * Certification in Hospital Administration

Oil & Gas Technology

Central Government Approved NSDC
Certification in Assistant Technician -
Drilling / Production

Professional Diploma in Oil & Gas

Duration : **6 Months**

Eligibility : +2 / ITI / Professional Diploma / Degree / B-Tech

Certification : NSDC / STED

Certification in Drilling Technology

Duration : **3 Months**

Certification : NSDC / STED / UPSKILL

- * BOP / SSV / Well Head Control Operation
- * Oil & Gas Production in On-Shore / Off-Shore
- * Aerial / Geological / Geo Physical / Siesmic Survey
- * Petroleum Exploraion Techniques
- * Process Isolation for Equipment Maintenance
- * Static & Rotating Equipments
- * Horizontal / Directional / Smart Drilling
- * Crude Oil Stabilizing
- * Chemical Handling / Safety
- * HSE
- * Well Head Operations
- * Gas Processing
- * Utility Systems
- * Wireline Operation
- * Oil Production Station
- * Mud Engineering
- * Rig Components
- * Process Safe
- * Guarding
- * Process Instrumentation

Mechanical

Various Technical Courses

QA / QC Mechanical

Duration : 3 Months

Eligibility : +2 / ITI / Professional Diploma / Degree / B-Tech

NDT Level II

- * Visual Testing
- * Radiographic Testing
- * Ultrasonic Testing
- * Liquid Penetrant testing
- * Magnetic Particle Testing
- * Radiographic Testing Film Interpretation (RTFI), etc..

Certification in Piping & Pipeline Engg.

- * Basics of Piping
- * Pipe Fitting, Flanges & Valves
- * Process Piping (ASMEB31.3)
- * Construction of Pipelines (ASMEB31.4)
- * Codes & Standards
- * Isometric, P&ID Drawings
- * Inspections
- * Hydro Test & Pressure Test etc..

QC in Welding Inspection

- * Basics of Welding
- * PQR / WPS / WPQ
- * Material Inspection
- * Welding Defects & imperfection
- * QC Documentation
- * PWHT
- * Welding Metallurgy
- * ASME Section 9, etc.

Professional Diploma in Oil & Gas Rig Technology

Central Government Approved NSDC
Certification in Assistant Technician - Drilling

Duration : **Duration : 3/6 Months / 1 Year**
Eligibility : +2 / ITI / Professional Diploma / Degree / B-Tech
Certification : NSDC / CTDS / STED / UPSKILL

Professional Diploma in Oil & Gas Rig Technology with Safety

- * Oil and Gas
- * QC in Welding Inspection
- * Certification in Piping & Pipeline
- * NDT Level II
- * Professional Diploma in Fire & Safety
- * Certification in Instrumentation

Safety (HSE)

Central Government Approved NSDC Certification in Fire Safety Technician

Duration : **Duration : 3/6 Months / 1 Year**

Eligibility : +2 / ITI / Professional Diploma / Degree / B-Tech

Certification : NSDC / CTDS / STED / UPSKILL

Professional Diploma in Fire & Safety Engineering / HSE

- * Oil and Gas Safety Management
- * HAZID / HAZOP
- * Project HSE Plans
- * Risk Assessment / Management
- * Job Safety Analysis
- * Rigging
- * Fire Technology
- * Fire Protection / Alarm Systems etc..

Certification in Fire & Safety Engineering / HSE

Duration : **Duration : 3 Months**

- * Fire Protection Systems & Alarm Devices
- * Job Safety Analysis & Risk Assessment
- * HAZID / HAZOP Study Fundamentals
- * Project-Based HSE Planning
& Emergency Response
- * Basics of Fire Technology & Fire Behaviour

Civil and Instrumentation

Central Government Approved NSDC

Certification in Instrumentation Technician

QA / QC Civil -

Concrete NDT and Quantity Surveying & Cost Estimation

Duration : **2 Months**

Eligibility : **+2 / ITI / Professional Diploma / Degree / B-Tech**

- * Ultrasonic Pulse Velocity Testing
- * Rebound Hammer Testing
- * Rebar Locator
- * Carbonation and Chlorides Testing
- * Coating Thickness Measurements on Concrete
- * Half Cell Potential Testing
- * Infrared Thermography
- * Radiography
- * Pile Integrity Testing, etc
- * Process of Estimating Units
- * Methods of Building Estimates
- * RCC Work and Structure
- * RCC Roof Slab
- * RCC Column with Foundation
- * Bar Bending Schedule for RCC Beam
- * Rate Analysis
- * Road Estimation
- * Documentation, etc..

EEE, ECE, E & I

PG / Professional Diploma in Process Control And Instrumentation

Duration : **3 Months**

Eligibility : **+2 / ITI / Professional Diploma / Degree / B-Tech**

Certification : **STED / UPSKILL**

- * Introduction to Instrumentation
- * Process Variables
- * Transducers, Transmitters & Recorders
- * Open Loop, Closed Loop Mechanisms
- * Controllers and Control Valves
- * Calibration of Instruments, etc..

Welding & Fabrication, Instrumentation **Central Government Approved NSDC** **Certification in Industrial Welder**

Eligibility : 10th / +2 / ITI / Professional Diploma
Certification : NSDC / CTDS

Professional Diploma in Instrument Technician Duration : **3/6 Months**

Professional Diploma in Welding (Xray, ARC, TIG and MIG)

Duration : **6 Months**

Certification in Welding

Duration : **3 Months**

Diploma in Scaffolding

Duration : **3 Months**

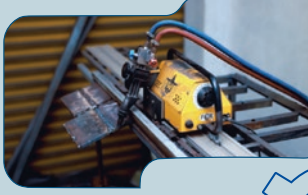

Diploma in Pipe Fabrication

Duration : **6 Months**

Certification in ARC or TIG or MIG welding

Duration : **1 Month**

Techshore Centre for Logistics & Management Studies

Central Government Approved NSDC

Certification in Warehouse / Supply Chain Executive

Looking for a management programme,
here is the right place for you.

PG Diploma in Logistics & Supplychain Management

Duration : **1 Year**

Eligibility : Degree

Certification : ABE / STED with NSDC

Professional Diploma in Logistics & Supplychain Management

Duration : **6 Months**

Eligibility : 10th / +2 / Degree

Certification : ABE / STED with NSDC

Certification in Logistics & Supplychain Management

Duration : **3 Months**

Eligibility : 10th / +2 / Degree

Certification : ABE / STED with NSDC

Techshore Inspection Services has been actively pursuing Logistics and SCM with dedicated research, and the great career opportunity it provide. We started the Techshore Centre for Logistics and Management Studies, a strategic unit for carrying out specialized theoretical and applied research on Supply Chain Management and Logistic with participation from a multi disciplinary faculty and industry practitioners.

Addons :

*SAP Training Program
Spoken English & Personality
Development Program*

- * Fundamentals of Logistics and Supply Chain Management
- * Warehouse & Transportation Management
- * Lean Supply Chain Management
- * Procurement and Sourcing Management
- * Introduction to Export and Import
- * Dangerous Goods Regulations
- * Retail Management
- * Strategic management
- * Import and Export Documentations
- * Total Quality Management
- * E-Commerce

1 Month Practical Internship with Multiple Industrial Visits.

We make your future ready..

By opening the door of opportunity !!

Professional Diploma in Aviation, Logistics & Tourism Management

Eligibility : All Category
Duration : 1 Year

Aviation :

- * Airport Operations
- * Ground Staff Activities
- * Check in Counter
- * Cabin Crew
- * Immigration
- * Passenger Guidance
- * Arrival & Departure

- * Tourism Geography
- * Transport System
- * Travel Agencies
- * Foreign Exchange & Tourism
- * Tourism Management
- * Tourism Development
- * Resort Planning

Logistics :

- * Management in Logistics
- * Fundamentals of Logistic Management
- * Lean Supply Chain Management
- * Introduction to Export & Import Management
- * Immigration
- * Procurement & Sourcing Management
- * Port Management

Professional Diploma in Healthcare & Hospital Administration

Eligibility : +2 / Degree

Duration : 6 Months / 1 Year

- * Health Education and Information
- * Hospital Departments
- * Public Relation Operations
- * Hospital Maintenance and Operations
- * Quality Systems Management - Administration / Healthcare
- * Hospital Planning and Infrastructure Management
- * Operations and Research Activities
- * Patient Care / care Giver Activities
- * Pharmaceutical
- * Marketing and HR Management
- * Entrepreneurship and Innovations
- * Health Insurance
- * Nursing Assistant

Certification in Caregiver

Eligibility : +2 / Degree

Duration : 6 Months / 1 Year

- * Human Anatomy & Physiology
- * Nutrition and Dietetics
- * Personal Hygiene and Grooming
- * First Aid
- * Elderly Care
- * Special Needs & Disability Care
- * Child Care
- * Practical

Certification in Digital Marketing

Eligibility : All categories

Duration : 2.5 Months

- * SEO - Search Engine Optimization
- * Site Auditing
- * Campaign Management
- * Wordpress Site Development
- * Digital Marketing Tools
- * Social Media Management
- * Content Writing
- * Video Marketing

Onsite training / Internships

What our students says?

"All the students and staff are very friendly and very much committed to us. Practical training conducted helps me to gain more knowledge about the real working principles used in industry."

Uusiku Gideon Amaambo
Namibia

"Time I spend has made a lot of changes and it gave me confidence to boost my career and thanks to quality education provided."

Jose Domingos Kalandila
Angola

"All the students and staff are very much committed to us. Practical training conducted helps me to gain more knowledge about real working principles used in industry"

Adao Real Canga
Angola

The background features a large, stylized gear graphic on the left side, partially overlapping a photograph of an industrial facility. The photograph shows a worker on a platform, with various pipes and structures illuminated by warm lights. In the top right corner, there are several smaller gear icons in white and blue. The overall color scheme is dominated by blues and greys, with warm orange and yellow highlights from the industrial scene.

Engineering Services

Techshore Engineering Services offer a wide range of industrial services and engineering solutions in the disciplines of Oil and Gas, Power sector and other major Industries in the disciplines of Mechanical, Instrumentation, Civil and NDT.

Engineering division has expanded its operations to cater the sectors like Oil and Gas, Power, Refineries, Petrochemicals and offshore process and well platforms involving in detailed engineering assistance, field survey, installation / erection and commissioning. Techshore has recently added a new feather in its hat by the additional of Concrete NDT & MEP services serving variously reputed builders in Kerala. We have employed highly qualified and experienced engineers and supervisors who can effectively undertake any volume of work on short notice on fast track completion basis. At Techshore we give more priority for quality of the work rather than the amount of work completed.

In addition, we have a wide range of outsourcing any type of equipment, materials, manpower and expertise in short notice.

Our Services :

- * Non Destructive Testing of RC and Steel Structures
- * Concrete & Material Testing
- * NDT - Civil
- * NDT - Mechanical
- * Third Party Inspections

Overseas Manpower Recruitment

Manpower is like the backbone in the companies which are always asking for the talented resources to run the operation smoothly. It is the most important part but without a good hiring process, this could not be gained. Here a strong process and robust system from talent acquisition are needed that could be easily achieved with any manpower agency. The best platform to complete the above process is contacting the manpower recruitment agency. It simplifies the work and offers the talented candidates that could come out clean on the working criteria. Due to the effective and result oriented approach, companies follow manpower recruiters near them.
